WORK EXPERIENCE

1994-present Director, TARKI Social Research Institute (<https://tarki.hu/eng/rolunk>) since 1994
Management of TARKI, administration of various research infrastructures: managing TARKI Social Science Data Archive in CESSDA in various periods, directing various largescale empirical projects like Hungarian Household Panel, TARKI Household Monitor, PrivMort and others.

Applied social science research in economics and in sociology experience since 1986. Areas include social policy, economics of the welfare state, social insurance and income maintenance, attitudes towards social policy, income distribution, poverty, survey coverage for full social structure. Policy research and evaluation of public social policy programs and their effects on social structure and quality of life. *(For list of ongoing and completed research projects, please see Annex 1)*

Lead and coordinate TARKI membership in various international projects like International Social Survey Program (ISSP), World Values Survey (WVS, principal investigator for Hungary), and membership in questionnaire design teams like the one responsible for Round 8 rotating module of the European Social Survey (ESS).

Editing and publishing in the Hungarian Social Report series (biannually, from 1998 to date) and of the TARKI European Social Report series, various years since 2008.

2006- present Affiliated professor, Budapest Corvinus University (BCE) Faculty of Social Sciences and International Relations, Institute for Sociology and Social Policy.

Teaching: Curriculum development in economics of social policy, and in Hungarian social structure. Occasional lectures on sociology and social structure. Last course taught at BCE PhD: "Understanding income distributions in Europe and elsewhere". Formal and informal mentoring of PhD students. Recent course on determinants of inequality in Rajk College of BCE.

1986-2006 Assistant professor, then Associate Professor at Budapest University of Economics (later BCE)

Teaching: Social policy teaching between 1986 and 1999 (economics of social policy) and since (occasional lectures on sociology, on social structure).

EDUCATION AND TRAINING

2000-2003 PhD in Sociology, Budapest University of Economics and Public Administration

1981-1986 Graduate degree in economics and sociology, Karl Marx University of Economics, Budapest

SELECTED SCHOLARSHIPS

- 2013 Academic Visitor, Amsterdams Instituut voor ArbeidsStudies (AIAS), University of Amsterdam, Jan-Feb
- 1996 Guest researcher, Institut für die Wissenschaften vom Menschen, Vienna, in July
- 1987-1988 Research scholar, London School of Economics and political Sciences, Department of Social Science and Administration, 6 months

Title	Academic Award (Presidium of the Hungarian Academy of Sciences)
date	2019
Title	Ministerial award "For the promotion of equal opportunities"
date	2017
Title	Order of Merit of the Hungarian Republic, Officer's Cross, 2010
Date	2010
Title	Golden Grade, Merit Cross of the Hungarian Republic
Date	2003
Title	Erdei Ferenc Award
Institution	Hungarian Sociological Association
Date	1997

 Other
experience

Member of advisory boards to the Luxembourg Income Study (2002-), of the Economic Committee of the Hungarian Academy of Sciences (2023-) and External advisory board, Research Centre for Economic and Regional Studies of the Hungarian Academy of Sciences, (2013-2016, 2019-) Member of Network of Public Opinion Experts attached to the DG Communication of EU, 2008–2009, Transatlantic Expert Group on the Future of Work by Bruegel, Brussels, 2020-2022, Member of the European Network of Social Reporting (2006+).

Peer reviews to various scientific journals like Acta Oeconomica, Czech Sociological Review, Corvinus Journal of Sociology and Social Policy, East European Politics and Societies, European Political Science Review, The International Journal of Microsimulation, International Journal of Social Welfare, Intersections-East European Journal of Society and Politics, Journal of Comparative Economics, Journal of Income Distribution, Journal of Economic Surveys, Periodica Polytechnica Social and Management Sciences, Review of Income and Wealth, Közgazdasági Szemle – Hungarian Economic Review, Szociológiai Szemle – Hungarian Sociological Review.

Peer reviews to various scientific committees and research funds (Hungarian National Research Fund, Hungarian Academy of Sciences – Bolyai Research Support Scheme)

Editorial board memberships: Corvinus Journal of Sociology and Social Policy, Külgazdaság, formerly at Czech Sociological Review, Közgazdasági Szemle (Economic Journal). Previously: membership in Demographic Sciences Committee and the Economic Sciences Committee of the Hungarian Academy of Sciences.

Consultancy work for various international organisations like Unicef (1992-1993, 2012), OECD (April – October 1993), World Bank (1994, 1997, 1999), European Commission (via TARKI assignments, since 2005, several projects)

ANNEX 1. SELECTED LIST OF ONGOING AND COMPLETED RESEARCH PROJECTS (THIRD PARTY FUNDS)

MAJOR RESEARCH PROJECTS				
Period	Title	Description	Position	Client/sponsor
2020-2023	EUROSHIP - Closing gaps in social citizenship. New tools to foster social resilience in Europe. (https://euroship-research.eu/home/)	Research to provide new, gender-sensitive, comparative knowledge about the effectiveness of changing social protection policies targeted at reducing poverty and social exclusion in Europe.	Lead researcher and Work Package leader on mapping gaps in social citizenship.	European Commission, H2020-SC6-GOVERNANCE-04-2019 Grant No. 870698
2020-2023	Patrimonial tendencies and social closure: how mobility-blocking sticky floors and sticky ceilings operate and change over time	The focus of the research is on the barriers to social mobility in the post-transition Hungary and (for comparisons) in several other countries. The central theme is the place and mechanisms of internal ruptures blocking greater merit-based fluidity in the society. Detailed micro-analysis of major social science datasets spanning through four decades will serve as a base of the investigation.	Principal Investigator	Fundamental Research Support Scheme (OTKA) of the Hungarian National Research, Development and Innovation Office. Grant No: K 135934.
2021-2024	PIONEERED Pioneering policies and practices tackling educational inequalities in Europe. (www.pioneered-project.eu/)	To determine research-informed policy measures and identify pioneering policies and practices to mitigate (intersectional) inequalities in access to, uptake and completion of education, both in formal and informal educational settings.	Lead researcher and team leader	European Commission, H2020-SC6-TRANSFORMATIONS-2020 Grant No. 101004392
2017-2019	How to approach the unreachable? – Pilot analysis of unit non-response and non-contact populations in empirical surveys	Pilot empirical research, the goal of which is to improve survey techniques to reach the broadest possible coverage of the base populations, thus improving survey quality. Expected results are (1) a thorough description of social segments refusing to answer, noncontact and hard-to-survey; (2) definitions of the prevalent scope of nowadays survey researches; (3) preparation of the ground for a comprehensive research for new sampling and post-stratification techniques.	Principal Investigator	Hungarian National Research, Development and Innovation Office, Grant No: NKFI-125162
2011-2016 (TARKI joined in 2013)	PrivMort - Privatisation and Mortality in Post-Communism: A Multi-Level Indirect Demographic Analysis.	A large scale, four country (Hungary, Russia, Ukraine and Belarus) empirical study of the effects of the privatization and transition experiences on mortality, financed by the European Research Council, Host Institution being the Univ. Cambridge	Co-investigator and coordinator of fieldwork in the four countries,	European Research Council (contract No: 269036)

MAJOR RESEARCH PROJECTS				
Period	Title	Description	Position	Client/sponsor
2015-2016	Coping with macro shocks: success and failure of household adjustment during the crisis in Hungary - TARKI Household Monitor survey	Empirical household survey to gain thorough knowledge on income, wealth and the labour market situation of Hungarian households, as well as on attitudes and value structures in general. It is also among the aims to identify success and failure of household strategies followed to cope with adverse effects of the crisis.	Principal investigator	Hungarian National Science Foundation (OTKA) Grant No: 113248
2017-2021	InGRID-2 Integrating Research Infrastructure for European expertise on Inclusive Growth from data to policy (http://www.inclusivegrowth.eu/)	As a continuation of InGRID, the objectives of the InGRID-2 are to advance the integration and innovation of distributed social sciences research infrastructures on 'poverty, living conditions and social policies' as well as 'working conditions, vulnerability and labour policies' in Europe. InGRID-2 extends transnational on-site and virtual access, organize mutual learning and discussions of innovations, and improve data services and facilities of comparative research.	Leader of various workpackages in poverty and living conditions pillar, member of the Steering Committee	European Commission, H2020 INFRAIA 2016-1, Grant No: 730998
2013-2017	InGRID – Inclusive Growth Research Infrastructure Diffusion (www.inclusivegrowth.be)	Project to integrate and to innovate existing, but distributed European social sciences research infrastructures on 'Poverty and Living Conditions' and 'Working Conditions and Vulnerability' by providing transnational data access, organizing mutual knowledge exchange activities and improving methods and tools for comparative research.	Leader of poverty and living conditions pillar, member of the Steering Committee	European Commission, DG Research FP7 Theme INFRA-2012-1.1.1 (Grant No: 316291)
2012-2015	Poverty Reduction in Europe: Social Policy and Innovation (ImPROvE) (www.improve-research.eu/)	The project is to evaluate the Lisbon decade in terms of policies and actions against poverty at European, national and sub-national level, to research the interrelationships between employment, social protection and social inclusion and between institutionalised macro level social policies and innovative local action.	Member of scientific Board and lead researcher	EC, FP7 project Grant No. 290613
2010-2013	Growing Inequalities Impacts (GINI) (www.gini-research.org)	A major European-wide study on the impact of growing inequalities. The project was coordinated by Univ. of Amsterdam and resulted two large volumes of summary on inequality research in 30 high income countries (Salverda et al 2014 and Nolan et al 2014).	Member of scientific Board and lead researcher	EC, FP7 project, Grant No: 244592
2010-2011	Child well-being in the European Union. Better monitoring instruments for better policies http://www.TARKI.hu/en/news/2011/items/20110531_en.html	Report commissioned by the Hungarian government to support the Hungarian EU Presidency. The report developed and tested a new indicator system to monitor policy impacts on the well-being of children.	Project leader and researcher	State Secretariat for Social Inclusion of the Hungarian Ministry of Public Administration and Justice

MAJOR RESEARCH PROJECTS				
Period	Title	Description	Position	Client/sponsor
2009-2010	Study on Child Poverty in Europe,(http://www.TARKI.hu/en/research/childpoverty/index.html)	A study on in-depth analysis of the determinants of child poverty, policy overview and impact analysis, identification of best indicators	Co-director (with T. Ward, Applica)	DG Employment of the EC, Unit E2.
2005- 2016	European Observatory on the Social Situation – Network on Social Inclusion and Income Distribution. (www.socialsituation.eu)	A consortium lead by Applica, Brussels (having TARKI, Essex University and Eurocentre, Vienna) produces annual monitoring reports on trends of income distribution and social inclusion in Europe.	Member of the core team and lead researcher	Unit for Social and Demographic Analysis, DG Employment, Social Affairs and Equal Opportunities of the European Commission
2006-2008	Lifepath analysis of Hungarian households. (http://www.TARKI.hu/hev/)	A follow-up study of the Hungarian Household Panel via re-contacting the original 1992 sample members.	Principal Researcher	National Office for Research and Technology (NKTH) Contract No: B2-2006-005
1996, 1999, 2007	“The state and its citizens” study	A series of empirical research on tax awareness, fiscal illusions and attitudes towards the reform of the welfare state in Hungary	Principal researcher (in 1996 and 1999 with J. Kornai, in 1996 with L. Csontos)	1996 and 1999: Ministry of Finance 2007: Prime Minister’s Office
1998-2000 (annual), 2001-present (bi-annual)	TARKI Household Monitor series	A series of cross section studies on income distribution, labour market situation and social stratification in Hungary.	Project manager	Prime Minister’s Office from 2001 to 2009, various clients between 1998-2000, National Science Foundation in 2014-16
2006-2007	The ex ante evaluation of the Hungarian national Development plan	Assessment of the potential impact of national development policies on economic growth, employment, income distribution, poverty and on general government balances.	Project leader.	National Development Agency
2006-2007	SIMGLOBE – Is Social Europe Fit for Globalisation? A study of the social impact of globalisation	Background analysis of the social dimension of globalisation and the impacts of globalisation on income distribution In Europe and other regions of the world	Research contributor	CEPS, Belgium based on contract from DG Employment of the European Commission
2005	The social impact of development policies (2005)	Develop a detailed methodology (cost-benefit methods and public policy evaluation) to assess development policies on different social sectors	Project leader	National Development Agency, (Contract No: NFH 263/2005 (05/08/23))

MAJOR RESEARCH PROJECTS				
Period	Title	Description	Position	Client/sponsor
2004-2005	Social development assessment papers backing the National Development Plan of Hungary (2004-2005)	A wide scale program aimed to provide state-of-the-art in different social phenomenon from health to social legislation, and formulate policy alternatives - Project leader	Project leader	National Development Agency, (Contract No: NFH 311/2004 (04/11/26))
2004	Modelling social developments until 2020 in Hungary (2004)	Long-term social projection accounting alternative scenarios with their conditions and outcomes.	Project leader	National Development Agency, (Contract No: NFH 57/2004 (04/03/30))
2002-2004	Integration and Development Policy Task Force, set up by the Hungarian National Development Authority	Concept papers for the preparation of national Development Plan's human development priorities, develop evaluation and monitoring methodologies	Chair, project leader	Prime Ministers' Office National Development Office, MEH-VI/L-648/2002 (02/12))
1997	Social Policy Strategy Paper for the Hungarian Government (1997)	Evaluation of different social policy areas and policy suggestions in order to better reconciliation of different incentives. Indicator development for monitoring policy impact.	Project leader	Ministry of Social Affairs [1997]
1992-1997	Hungarian Household Panel.	A longitudinal study of 2600 household sample of Hungarian households. The aim is to analyze longitudinally the changes in income distribution, labor market situation and social stratification in Hungary.	Project director.	Major funder: Hungarian National Science Foundation (OTKA). Various other contractual funders

ANNEX 2. A STRUCTURED LIST OF RELEVANT PUBLICATIONS (BY MAJOR THEMES)
Measurement and cross-country comparison of changes in income distribution trends

- Inequality and welfare. Chapter 12. in: Mátyás, L. (ed, 2022) Emerging European economies after the pandemic. Springer, 2022. pp. 575-605. (with: Márton Medgyesi)
- Carsten Jensen and Kees van Kersbergen (2016) The politics of inequality, Basingstoke: Palgrave Macmillan, *Journal of Social Policy*, 47(4), 852-855. doi:10.1017/S0047279418000417
